

# PanGuard®

## One simple step keeps drain pans Clean all year long!

### Continually Clean Drain Pans

Stop buildup from collecting in drain pans, even in demanding or humid climates, simply place PanGuard in the drain pan, and it cleans for months.

### Protection Benefits

#### Prevent Buildup

Activated by water, PanGuard delivers a steady release of cleaning agents for up to six months.

#### Prevents Overflows

Prevents buildup and blockage that lead to costly water damage and system failure.

#### NSF Certified Green

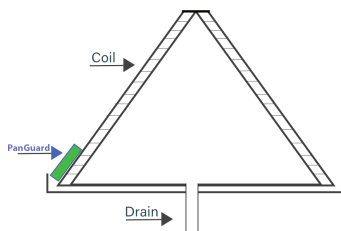

Meets strict eco-friendly guidelines with biodegradable ingredients and low environmental impact.

#### Odor and Corrosion Control

Eliminates odors and includes corrosion inhibitors to protect equipment and improve air quality.

## Available in multiple sizes to keep any drain pan clean

PanGuard cleans as water enters the pan, preventing buildup and keeping pans and drain lines clean. Sit PanGuard near the coil, farthest from the drain, and it does all the work.
